PRESS BOX AND TICKET INFORMATION

Press box tickets for all University of Florida home games will be handled by the Sports Publicity Department. These games in 1948 are: Sept. 25, Mississippi in Gainesville (night); Oct. 2, Tulsa in Gainesville (night); Oct. 9, Auburn in Tampa (night); Oct. 16, Rollins in Gainesville (night); Nov. 6, Georgia in Jacksonville; and Nov. 20, Miami in Gainesville.

Only members of the actual working press and radio will be admitted to the press box. Because of expected crowded conditions at every game this year, newspaper and radio men assigned to these games are urged to give notification that they will cover a game as well in advance as possible.

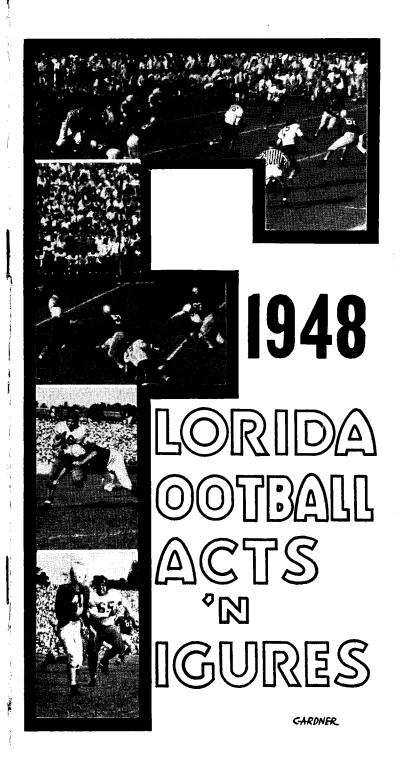

When it is at all possible, we prefer to get your ticket to you at least four days in advance of the game. This forestalls the possibility of any last minute mixup and potential delay just before the kickoff. If, by chance, you do not know until a day or so before the game that you will cover a Florida game, we will make every effort to provide space upon receipt of a wire advising that you are coming. Your accommodations will be left at the General Information Booth at the Stadium.

In keeping with an established policy at the University of Florida, no complimentary tickets are issued for seats in the stands. Press tickets are issued only to the working press and the tickets are honored at the gate and at the press box, but not in the grandstands. This policy is all inclusive and embraces not only the press and radio, but also all employees of the University and of the Athletic Department itself.

ABOUT RADIO BROADCASTS

Radio Station WRUF, Gainesville, will originate the play-by-play broadcast of Florida's home games (Mississippi, Tulsa, Auburn, Rollins, Georgia and Miami) for stations within this state. Florida stations interested in carrying the broadcast may obtain information by communicating direct with Station WRUF.

The Athletic Department of each of Florida's home out-of-state opponents (Mississippi, Tulsa, Auburn and Georgia) will designate the station in that state to originate a play-by-play broadcast for that state. Stations interested in the broadcast must make their wishes known to Station WRUF, Gainesville. Upon obtaining permission to carry the broadcast, the interested station will then make all arrangements with the station of that state which has been delegated to originate the play-by-play.

FACTS ABOUT THE UNIVERSITY

LOCATION: Gainesville, Florida, The University City, is located in the north-central section of the State, about equidistant—70 miles—from the Atlantic Ocean and the Gulf of Mexico. It is 70 miles southwest of Jacksonville, 120 miles northwest of Orlando, and 150 miles southeast of Tallahassee, capital of Florida. Now a modern town of approximately 24,000 population, Gainesville is among the South's most rapidly growing cities.

HISTORICAL STATEMENT: In 1853 the foundation work of the present University of Florida was laid in Ocala when a small private school, East Florida Independent Institute, was opened. Florida Agricultural College was established at Lake City in 1883, and by 1905 six colleges were at least in part state supported. With the passage of the Buckman Act in 1905, the University of Florida was established in its present Gainesville location. Its destiny has been guided since that time by four presidents: Dr. Andrew Sledd (1905-09), Dr. Albert A. Murphree (1909-1928), Dr. John J. Tigert (1928-1947), and Dr. J. Hillis Miller (1947——).

ENROLLMENT: The total enrollment at the University of Florida for the regular 1946-47 term was 8,594 students. The University became a co-educational institution in July of 1947 and anticipates the enrollment of about 1,000 women students for the fall semester.

COLLEGES: The University of Florida is administered through eight colleges (University; Agriculture; Arts and Sciences, Business Administration, Education, Engineering; Law; Physical Education, Health and Athletics) and four schools (Pharmacy, Forestry, Architecture and Allied Arts, and the Graduate School). Bachelor and Masters degrees are awarded by colleges and schools, with the doctorate offered in economics, English, history, psychology, animal husbandry, biology, chemistry, pharmacy, pharmacology, and pharmacognosy.

PHYSICAL PLANT: The University's permanent physical plant, under current expansion, consists of 25 major instructional and research buildings designed to accommodate 3,000 students, and dormitories designed for 1,000 men. Temporary buildings are now providing space for the increased enrollment. Ten of these buildings are used for offices, classrooms, lecture rooms and laboratories, and thirteen are providing dormitory space. Further living accommodations are offered by three FlaVet (Florida Veterans) villages. The existing permanent buildings of the University represent an original investment of some \$5,194,000.

EXPANSION: Approved construction now underway at the University of Florida totals in excess of \$7,000,000. This work includes additions to the chemistry building, Florida Union, infirmary, cafeteria and library; the building of a huge modern gymnasium, a student exchange building, maintenance building, and three dormitory units for women students; and the modernization of utility, sewage, and communications facilities and roads.

COLLEGE OF PHYSICAL EDUCATION, HEALTH AND ATHLETICS

The University's College of Physical Education, Health and Athletics, now in its third year, has developed into a well rounded program which offers professional training of high standard, a program of instruction in physical and mental development through sports, a recreational program adapted to the needs

Dean Stanley

of students and faculty, and an excellent and rapidly expanding program of student health.

The College is headed by Dean Dennis K. "Dutch" Stanlev. a Florida Alumnus and former head coach and director of physical education. Dean Stanley is also a graduate of Pennsylvania State.

The College is composed of: Department of Professional Curricula, Department of Student Health, Department of Required Physical Education, Department of Intramural Athletics and Recreation, De-

partment of Intercollegiate Athletics, and the Department of Sports Publicity.

The Professional Curriculum offers training leading to the Degree Bachelor of Science in Physical Education and Health. This work is designed to prepare students for careers in athletic coaching, the teaching of physical education and health, and preparation in the rapidly expanding field of recreation. In addition state certification may be secured for the teaching of such subjects as English, history, chemistry, mathematics, physics and the biological sciences.

The Department of Student Health embraces the University Hospital and provides a preventative and clinical program designed to safeguard the health of the student body. Provision is made to check the students' physical condition as well as to hospitalize and treat acute illnesses.

Required Physical Education for men is designed to provide a program of body-building exercise and to offer an opportunity for the students to receive training in sports of recreation value which will serve them now as well as after graduation.

The Department of Intramural Athletics and Recreation offers a program of 14 sports adapted for the participation of the entire student body.

The advent of co-education has brought about the installation of a program of physical education and recreation adapted to the needs and interests of all women students.

Intercollegiate athletics includes major sports-football, basketball, baseball, track and swimming, and minor sports-golf, tennis, rifle, and cross country.

The College of Physical Education, Health and Athletics is rounding into a valuable service college for every student-man or woman-of the University of Florida. Without in any way minimizing the tremendous values of purely academic instruction and application, it is adding to the richness of the University experience by stressing the importance of physical fitness, competitive will, and the need for recreation in a happy and useful life.

THE SOUTHEASTERN CONFERENCE

The Southeastern Conference, of which the University of Florida is a member, is composed of the following Colleges and Universities of Alabama, Georgia, Florida, Kentucky, Louisiana, and Tennessee:

University of Alabama Tuscaloosa, Ala. Alabama Polytechnic Institute Auburn, Ala. University of Florida Gainesville, Fla. Georgia School of Technology Atlanta, Ga. University of Georgia Athens, Ga.

University of Kentucky Lexington, Ky.

Louisiana State University Baton Rouge, La. Mississippi State College State College, Miss. University of Mississippi Oxford, Miss. University of Tennessee Knoxville, Tenn. Tulane University New Orleans, La. Vanderbilt University Nashville, Tenn.

President of the Conference is Dr. B. R. VanLeer of Georgia Tech: Vice President is Dr. F. T. Mitchell of Mississippi State; and Athletic Commissioner is Bernie Moore, former head coach of L. S. U., who was appointed to his post late in 1947.

The Southeastern Conference, as such, dates from the winter of 1932, but all of these schools have been members of the same athletic conference since the second year of the original Southern Conference in 1922. The Southern Conference at that time had a membership of twenty institutions from Louisiana to Maryland.

In 1931 a mutual understanding was reached that it would be wise to divide the Conference, largely along geographical lines, and the Southeastern Conference came into being early in December in Knoxville. Tennessee. The new Conference included the University of the South (Sewanee, Tennessee) which has since dropped its membership.

Athletic teams of the Southeastern Conference have from the very beginning held their own against representative schedules in the deep South as well as against intersectional opponents in all fields of sports.

In football, the twelve institutions of the Conference have sent teams to the Rose Bowl, Sugar Bowl, Orange Bowl and Cotton Bowl on 36 different occasions and have emerged the winners in more than half of these encounters.

THE GATOR COACHES

RAYMOND (Bear) WOLF Head Coach, University of Florida

A Texan since the tender age of four, Chicago-born Ray Wolf did his collegiate gridiron cavorting at Texas Christian University. He served there as assistant coach and at the University of North Carolina as head coach for six years before becoming the top man of

University of Florida football in the spring of 1946.

Ray Wolf

As a schoolboy athlete in Fort Worth, Wolf was some shakes on the gridiron, the diamond, and the basketball court, with a short side trip down the track straightaway. He collected four letters in baseball, two in football, a pair in basketball, and added one in track as a senior when he was drafted from the diamond long enough to win one hurdle race.

At Texas Christian, under the coaching of Matty Bell, Wolf won his football letters as

a sophomore and junior, but was benched by a bad knee his senior season. As a sophomore he was a tackle, and as a junior an All-Southwest Conference guard.

Ray's great moments of playing jubilation and dejection came when he fired a tough-angle 43-yard fieldgoal to defeat Arkansas 10 to 7 in 1926, and when he missed a straight-away 20-yarder against SMU when three points would have meant the Southwest Conference championship.

Wolf started his professional career as a baseball player, but the same bothersome knee proved too heavy a millstone. His one appearance at the plate in major league baseball brought, as he describes it, "A screaming drive right back through the pitcher's box. The only thing wrong was that it resulted in a double play."

only thing wrong was that it resulted in a double play."
Wolf returned to TCU in 1928 as freshman line coach, and was elevated to varsity line coach when Francis Schmidt took over the Horned Frogs the next season. Coaching baseball all the while, he remained at TCU until accepting the head coaching spot at the University of North Carolina in the spring of 1936.

There he got his biggest thrills (aside from dumping traditional rival Duke University a couple of times) by watching his Tar Heels come from behind to tie Tulane 14-14 one Saturday and then upset favored Pennsylvania by a 30 to 6 score the next week.

After a four-year stretch in the Navy at pre-flight schools in Georgia and Texas and at Naval Air Stations in Miami and Pensacola, Wolf cast his coaching lot with the University of Florida Gators in time to direct the 1946 spring practice.

In 1946 Wolf's first Florida team, a freshman outfit conjured from nowhere, turned in a season of spirited, colorful football and was held scoreless only once, but failed to produce the fruit of a single victory. In 1947, grown from collegiate football infancy to adolescence, the Gators got off to a typical sophomoric start with three straight losses before breaking the streak with a 7-6 upset win over N. C. State. They ended the season with four wins, five losses, and a tie.

The groundwork laid, Wolf is now in the actual building stage of a Gator football team capable of holding its own in representative competition, and making its first real bid against a schedule of tremendous proportions.

LINE COACH TED TWOMEY

A native of Mellen, Wisconsin, of 1906 vintage, Line Coach Ted Twomey graduated from the University of Notre Dame in 1930 with a Bachelor degree in Commercial Science. He played two years as a tackle under that immortal mentor of the Fighting Irish, Knute

Rockne, and while doing it made a number of All-America first teams, and the second teams of both the Associated Press and United Press. To his immediate left on the scrimmage line was Jack Cannon, Notre Dame's unanimous All-America of that year along with quarterback Frank Carideo. Twomey was a regular with the South Benders when they started a 27-game victory streak. His biggest football thrill as a player came in 1929 when the Irish played Southern California for the national championship in Chicago. Notre Dame won a 13 to 12 victory before football's largest crowd, something like 120,000 Ted Twomey
frenzied folks. Since graduating 17 years
ago, Twomey has been line coach at the
Universities of Georgia, Kentucky, Texas,
and South Carolina. He was in the USNR from 1942 until joining

the Florida staff in February of 1946.

BACKFIELD COACH STERLING DUPREE

Sterling Dupree was born at Sylvester, Georgia, on November 9, 1909 and attended grammar school and high school there before entering Georgia Military College for his final schoolboy year. At Sylvester High School Dupree played three

years each at football, basketball and base-ball. During his senior year at GMC he was a football end, basketball forward, and baseball second baseman. Dupree entered Auburn in September of 1930 and graduated in 1934.

A couple of springs into the open as a Tiger sophomore fullback and subsequent quick trips to the end zone prompted coaches to think he might have track possibilities. He did. To the extent of winning the SEC 100 and 220 yard dashes his junior and senior years, establishing new conference records of 9.7 and 21.0 respectively. Dupree was Auburn's regular fullback on the undefeated (once tied) 1932 team. That year he was selected on

Sterling Dupree

the Coaches-Officials All-SEC team. As a senior he placed 4th in the 100 and 5th in the 220 at the National Collegiate track meet in Los Angeles. After graduation, Dupree was backfield coach at Auburn under Jack Meagher for the seasons of 1935-36-37. He then went to the University of South Carolina as backfield coach and track coach from 1938 through 1940. He was overseas with the late General George Patton's 3rd Army for 16 months and received four battle stars, one of them for the Battle of the Bulge. Dupree returned to the University of South Carolina for the seasons of 1946 and 1947, and took over his backfield coaching duties at the University of Florida last June.

END COACH PAUL SEVERIN

Paul Severin made his world debut at Natrone, Pennsylvania, on August 14, 1918. After becoming a four sport athlete (football, basketball, golf, and baseball) at Har-Back High School and making the schoolboy All-Conference football and basketball teams, he cast his collegiate lot with the University

Paul Severin

of North Carolina, graduating in Physical Education in 1941. On the gridiron he picked up three varsity letters as an end and captained the 1940 Tar Heels; he added three more in basketball as a forward; and two more as a golfer. An all around excellent end and pass snagger delux, Severin made the All-Southern Conference football team three years and the All-Conference basketball team as a junior. He made the Associated Press and several other All-America football teams as a junior and just about covered the All-Junior and Just about covered the All-America field as a senior. He captained the Southern team in the Blue-Grey All-Star game of 1940. Among his football feats were the scoring of four U.N.C. touchdowns in a row which enabled the Tar Heels to tie Tulane (14-14) and to

over Pennsylvania. He coached at Wilmington (N. C.) High School before joining the Navy and was with the USS Quincy when it took President Roosevelt to Yalta for the late Chief Executive's final trip abroad. Immediately upon obtaining his Naval release, Severin hustled to join the University of Florida in February 1946.

FRESHMAN COACH SAM McALLISTER

Born in Chicago on April 19, 1903, Sam McAllister made football, basketball and baseball letters at St. Marys, Kansas, high school before going on to play the same sports at St. Marys College for

two years. He transferred to St. Viators, in Bourbonnais, Illinois, for his final two ollegiate years, and graduated in 1926 with the Bachelor degree in General Science. At St. Viators, McAllister played under Jack Crangle and Ralph Glaze, All-Americans at Illinois and Dartmouth respectively, winning two monograms each in football as a tackle and fullback, baskethall as a guard, and baseball as a pitcher. He captained the football and baseball teams. Upon graduating he became Head Coach there (handling football, basketball, baseball, and track) for a four-year period, and then joined the Auburn staff for another four-year stretch as football line coach and head coach of basketball and baseball. There followed a year in business in Chicago before he served as the

Sam McAllister

University of Georgia's line coach during the season of 1935. In 1936 he came to the University of Florida as football line coach and baseball and basketball head coach until 1942, the year of his entry into the Navy for a three and a half year period. He returned to the Gator staff late in 1945 and this year will be Head Coach of the Freshman football team.

ASSISTANT COACH DAVE FULLER

On April 7, 1915, near Wake Forest, N. C., Dave Fuller began his journey through life. After attending high schools at Wake

Dave Fuller

Forest and Raleigh, he received a Bachelor degree in Education from Wake Forest College in 1940. As a schoolboy, he lettered three times each in football, basketball, and baseball, and as a college player he repeated the performance, playing tailback on the gridiron, center and guard on the hardwood, and first base on the diamond. With the Deacon basketballers he played in the 1939 national collegiate invitation basketball tournament at Philadelphia, and was on the short end of a 53 to 62 loss to Ohio State. A Grade-A passer, his most memorable toss came when he was playing a strange position against South Carolina in 1938. The Deacons were making their death struggles in the dying moments of the Gamecock game when Fuller went in as an end rather than at the usual tailback position. Moments later Fuller tossed an end-around pass to set up the score which

A three-sport coach at Hertford (N. C.) brought a 20 to 19 win. High School before joining the Navy, Fuller came to the Gator staff in September 1946.

ASSISTANT COACH JULIUS (MUSH) BATTISTA

The sun first peeped over the horizon for Julius (Mush) Battista in Endicott, N. Y., on October 1, 1916. He was a football guard and fullback and a track weight man for Endicott High, winning four letters in football and three in track and captaining both teams his senior year. As an Endicott senior he played against Clearwater (Fla.) High School in a milk fund football game in 1936, and the fol-lowing fall entered the University of Florida, graduating in Education in 1941. With the Gators, playing two seasons under Josh Cody and one under Coach Tom Lieb, Mush won his football spurs three times as a guard. After graduation he was assistant freshman football and track coach with the Gators before entering the Air Corps for a four-year period. He returned to the Florida staff in February of 1946.

1947 SEC STATISTICAL LEADERS

TOTAL OFFENSE

THE FLORIDA OFFENSE

THE SYSTEM

After some twenty years as a double wingback player and coach, Florida's mentor turned to the T-formation in spring practice of 1947 to better utilize the speed and elusiveness of the Gators' fast-moving backs and none-too bulky linemen. The Gators use the standard T with or without a man in motion.

RUNNING GAME

The halfbacks handled a major portion of Florida's ball carrying last fall, but fullbacks Billy Parker and Alex Gardiner began coming into their own to such an extent near the end of the season that it's a good bet the entire Gator backfield will come in for heavy duty this year. In 1947 the pigskin was handed off to the halfbacks on 348 running plays, against 52 for the fullbacks and only 30 for the unarterbacks. A typical quick-thrust T-affair, the Florida running game had a per play average of 4.1 yards for each crack at the line. The top break-away boys for the 1948 season should be Charlie Hunsinger, an exceptionally quick-starting and fast 195 pounder, and smaller but equally fast Hal Griffin and Loren Broadus. Hard-driving Bob Gruetzmacher (pronounced Gritzmocher), and tough little Jim Yancey, 165 pounds of running rawhide are a pair to keep a sharp eve on among the up-and-coming coming into their own to such an extent near the end of the season rawhide, are a pair to keep a sharp eye on among the up-and-coming

PASSING GAME

Veterans Doug Belden and Lazarous Lewis and service returnee Veterans Doug Belden and Lazarous Lewis and Arrival Angus Williams will get most of the calls to direct Florida's aerial bombardment. Spring practice indicated that the overhead route may be considerably more accurate than it was a year ago. Williams was a top tosser during his schoolboy days in Tampa. Belden, sporting a pair of ponderous paws and exceptionally powerful wrist-action, has completed 79 of 185 passes over a two year period for an even 1,000 yards and five touchdowns. Left end Tommy Bishop, who gathered in 10 tosses last year for a 144 yards, is the top target.

PUNTING GAME

More often than not the fullbacks, particularly Billy Parker and Alex Gardiner, handle the punting from an orthodox deep punt formation. The two kicked 69 times last year for a 38.7 average. Parker averaged 34.3; Gardiner averaged 32.6. Both seemed to be getting slightly more distance in the spring workouts, indicating more strength and length in this department.

EXTRA POINTS AND KICKOFFS

Lazarous Lewis plays his football from head to toe. When in the game he directs the offense, and whether in the game or not, he kicks the extra points and handles the kickoffs. It was his perfect placement for a 7 to 6 win over N. C. State last year that broke Florida's 13-game losing streak. Later he divided the crossbars again to tie Tulane (7-7) and the next week thumped another through to lick Miami 7 to 6. In all, he kicked 11 of 19 attempts a year ago.

SAFETY MEN

Speed, elusiveness and buckets of color characterize Florida's safety men in the punt-returning category. Usually it's the left halfback, but when the plum is ripe, both halfbacks may collaborate deep behind the scrimmage line. During the season, Florida had 17 punt returns of more than 10 yards and six of them were for more than 60 yards each. Hal Griffin, whose 26 yard average on 10 punt returns set a new collegiate record in 1947, had individual runbacks of 12, 18, 38, 51, 67, and 90 yards. The entire contingent of Gator safety men averaged 18 yards per runback in 38 trials.

GATOR QUICKIES

Florida's 1948 football schedule sounds like the roll call of the bowls: Delta Bowl Mississippi, Orange Bowl Georgia Tech, Gator Bowl Georgia, Great Lakes Bowl Kentucky, and Sugar Bowl Alabama.

Florida sophomore quarterback Lazarous Lewis plays the game from head to toe. When in the game he directs the offensive attack, and in the game or not, he kicks extra points. His perfect boots defeated N. C. State and Miami by 7-6 scores last year and tied Tulane 7-7.

There are only three seniors on Florida's 1948 football roster: Captain and Guard Fletcher Groves, Alternate Captain and Quarterback Doug Belden, and Center John Gilbert.

In 1947 Florida Halfback Hal Griffin, whose 26.7 yard average per punt return set a new national collegiate record, had runbacks of 12, 18, 38, 51, 67 and 90 yards. Two of them were touchdowns.

Florida's Captain Fletcher Groves, 180 pound guard from Tampa, was selected on the Mississippi All-Opponent team for the 1947 season.

Senior Doug Belden, 1948 Florida Alternate Captain and Quarterback, has gained an even 1,000 yards on passes the past two years. He completed 79 of 185 tosses.

Florida's Gators will use the T-formation for the second time this year. Coach Ray Wolf, a double-wing exponent from 'way back when he was an All-Southwest guard at TCU, switched to the T for the 1947 season to utilize fully the speed and elusiveness of his break-away backs.

The Gators of Florida will be playing a brand new opponent when Tulsa comes to Gainesville for a night game on October 2nd. There will be a return game in Tulsa in 1949.

In 355 football games, the University of Florida has won eight one-point victories and dropped seven one-point decisions. There have been 24 tie games in Gator football.

Florida's 50-man football squad roster is made up of three seniors, 25 juniors and 22 sophomores. A total of 26 of them are lettermen.

The best pre-season estimate reveals that Florida's Gators will average right at 190 throughout this fall, 194 in the line and 176 in the backfield.

In 1947 Florida's 1948 football opponents won 56 games, lost 41, and tied two. Five of them played in Bowl games.

Of Florida's 50 football candidates, 41 are from the State of Florida. Three are from Alabama, and one each live in North Carolina, Georgia, Tennessee, Arkansas, Illinois, and Ohio.

Since the University of Florida started playing football in 1906, the Gators have played on their home field in Gainesville 127 times, an average of three games per year. However, the Gators have played in Florida 243 times.

Florida's Gators will see plenty of football nightlife this fall. The first four games with Mississippi, Tulsa, Rollins and Auburn are nocturnal tilts. Then come six day tilts with Georgia Tech, Furman, Georgia, Kentucky, Miami and Alabama.

The Florida coaching staff has undergone one change for the 1948 season. Sterling Dupree, one-time Auburn football and track star and more recently of the University of South Carolina staff, has taken over the duties of Backfield Coach Buster Brannon who returned to TCU.

The Florida coaching staff is a cosmopolitan lot: Head Coach Ray Wolf played at TCU, Line Coach Ted Twomey at Notre Dame, End Coach Paul Severin at North Carolina, Backfield Coach Sterling Dupree at Auburn, Freshman Coach Sam McAlister at St. Viators, Freshman Backfield Coach Dave Fuller at Wake Forest, and Freshman Line Coach Mush Battista at Florida.

Florida's Gators have played only two football ties in the last 7 seasons, covering 66 games. Both were with Tulane; 6-6 in 1945 and 7-7 in 1947.

There are only two tongue-twisters on Florida's football roster, and they're simple aplenty once you get the hang of it: Guard Marcelino Huerta (Worta) and Halfback Bob Gruetzmacher (Gritzmocker).

Big and little roster statistics are inevitable for football squads, so here goes on Florida's Gators: Heavyweight is 230 pound Sopohomore Tackle Corlis Carver, and flyweight is 155 pound Sopohomore Halfback Loren Broadus. Both are from Jacksonville. Florida's Gators are renewing football relations in 1948 with Rollins (last played in 1934), Kentucky (1937), Georgia Tech (1942) and Alabama (1931).

It is entirely likely that on occasions this fall, Florida will have an exceptionally light and fast backfield on the field. The quartet would average only 165 pounds. Quarterback Angus Williams (165), halfbacks Hal Griffin (158) and Loren Broadus (155), and fullback Billy Parker (183).

There seems to be little doubt that Florida's Gators ran completely out of breath in defeating Southern 144 to 0 in the opening game of 1913. The next Saturday Auburn trounced Florida 55 to 0.

Playing five of last year's Bowl teams apparently wasn't load enough for the 1948 Florida Gators. Tulsa has already signed to play in this year's Delta Bowl game.

Jack Johnson, junior college newcomer to the University of Florida squad this year, captained his Van Buren, Ark., high school team two years and participated in a 34 to 33 victory. He is a guard.

Florida's Fullback Alex Gardiner and End Bill Mitchum should at least team up well on trips this fall. Gardiner lists writing music as a hobby, while Mitchum says singing is one of his hobbies.

Florida Line Coach Ted Twomey, Notre Dame standout tackle of the Knute Rockne era, wants to be sure his linemen hear what he's saying this year. Twomey had his tonsils removed three weeks before football season opened.

In 41 years of football, Florida's Gators have played 74 different opponents. A new rival will go into the books when Tulsa comes to Gainesville October 2nd.

Anyone who doubts that Florida's goalline is going to take a lot of bombardment in 1948 should ponder for a moment the fact that the Gators' 10 opponents scored a total of 1,577 points in 1947.

Florida's varsity coaching staff is an All-Star lot. Head Coach Ray Wolf was an All-Southwest Conference guard at TCU; Line Coach Ted Twomey made several All-America selections at Notre Dame and is on the All-Time Irish team; End Coach Paul Severin was an All-America end at North Carolina; and Backfield Coach Sterling Dupree was All-SEC fullback at Auburn.

GYMNASIUM-AUDITORIUM

The huge, multi-purpose gymnasium-auditorium is now nearing completion at the University of Florida at a cost of approximately \$1,600,000. It will house the College of Physical Education, Health and Athletics and all of its programs.

A three-story and basement fireproof building, the gymnasium-auditorium is designed to meet many needs of the University additional to those of intercollegiate athletics and the intramural and recreational activities of the student body. The auditorium will afford the only indoor meeting place capable of seating the entire student body.

So designed that it will afford utmost efficiency in student registration and processing, the building will upon occasions be used for these activities and also as headquarters for various educational groups which convene on the University campus.

The basement houses freshman lockers, showers, and equipment rooms; five offices, including those of the building superintendent; and a large area which may be adapted for use as sleeping quarters for visiting teams and other groups.

On the first floor level will be the main gymnasium floor, which will accommodate four regulation basketball courts; varsity locker and shower rooms; training quarters; intramural offices; a corrective gymnasium; and lockers and showers for use in the University's over-all physical education program. The gymnasium, when used as a single basketball court for intercollegiate games, will seat in excess of 6,500 spectators.

It is possible that the intercollegiate basketball court will be completed in time for some of the games of the 1949 schedule.

The main entrance of the building opens onto the second floor and the administrative offices of the College of Physical Education, Health and Athletics; offices of the intercollegiate coaching staff; six classrooms; a projection room of approximately 200 seats for studies in visual education; a large exercise room; and the gymnasium concession area.

The offices of the Professional Curricula in Physical Education will be located on the third floor, along with the Library, and the "F" Club rooms.
